Dear Sir / Madam

Sub : Issue of e Stamp Certificates by the Authorized Collection Center

We thank you for the continuous support extended for issuing the e Stamp certificates across Karnataka.

It has been brought to our notice that some of the e stamping issuing centres have enabled locations which are not registered in our records to generate e-stamp certificates. Apparently the userids assigned by Stockholding to the employees of branch registered in our database is being shared with persons in other locations not registered with SHCIL. This matter has been raised by the Governemnet and is being viewed very seriously. This practice is not acceptable to Stockholding.

As per the terms of our agreement with you, the ACC is fully responsible for confidentiality of the User id and password assigned by SHCIL.

Please confirm that the rules and regulations issued by Stock Holding Corporation of India Limited from time to time will be followed without any deviations.

Thank you

Yours faithfully,
For Stock Holding Corporation of India Ltd.,

Authorised Signatory.
